Vestrella Neighborhood News

January 2019

Your Captain's Notes…

Happy New Year to you and your family! There is always excitement around starting a new year, and I look forward to working with our neighbors to make Vestrella one of the best and friendliest neighborhoods in Solivita.

Two new items have been added in this month's Newsletter – resident monthly birthdays and names of new residents. Please let me know your birthday month so we can send our best wishes!

Below is the schedule of neighborhood events for the coming year. A special thanks goes out to the Social Committee for creating such a fun list. Look for more information as the dates near. So far, the 2018 events have been very successful and I am sure these will be as well. Suggestions for other get togethers would be welcomed. As always your input is valuable. ***Your photos from events are also appreciated***. Please send them to nancymanisco@yahoo.com.

Anyone interested in AED training; Contact CERT (Community Emergency Response Team) using the information in the Club Meeting listing found in Reflections. **Please Note:** If you need to contact 911, it is important to say that you live in Polk County. Osceola County calls go into the same 911 system.
