SOLIVITA™

Resident to Resident RESOURCE CENTER

The Resident to Resident Resource Center (R2R) is a volunteer-run program that is designed to bring residents what they need to thrive in our Solivita community, from workshops and other informative programs to the loan of medical equipment, from “vial of life” containers to answers to questions about our community and its resources.

Resident to Resident RESOURCE CENTER

Our Mission

Connecting residents and resources to build a thriving Solivita community.

Our History

The Resident to Resident Resource Center was begun by a group of recently-widowed residents who found themselves in need of support for managing their homes and their finances, and rebuilding their lives without their spouses. In March 2017, they partnered with Evergreen Lifestyles Management to create the Resource Center and greatly expand their focus.

Today, over 30 volunteers help staff the office, assist with workshop, and administer programs to improve the lives of Solivita residents.

Services Offered

- CERT program to loan medical and mobility equipment to residents
- Automated External Defibrillator (AED) donation information and location map
- Community information and resources
- Information on local businesses, activities and organizations
- Children's library
- Monthly workshops that range from "Getting Around Outside the Gates" to "Hurricane Preparedness"
- *Please visit www.SolivitaHOA.com for a current listing of upcoming workshops and registration details*

Our Volunteers

Under the management of Evergreen Lifestyles Management, the Resource Center's volunteers are an invaluable source of support for residents. Whether they are answering questions, assisting a resident in borrowing a wheelchair, researching a subject of concern or directing residents to support services, providing a children's library for visiting grandchildren, our volunteers are advancing our mission of connecting residents and resources.

The office is staffed Monday through Friday from 9:00 am to 3:00 pm.
