

GOLF COURSE PLAY AFTER 5pm

One of the many privileges of being a golf club member here at Solivita is that their own trail fee golf car allows the member the opportunity to play as many times as possible without incurring any additional golf fees. Members, who do not use their own golf car, or Residents, who are not members of the golf club must adhere to the Rules and Regulations of the Club by paying the appropriate golf fee regardless of the time of day.

Please be aware that all players playing on either golf course are always required to register in the Pro Shop at all times. After the Pro Shop is closed, at 5:00pm, the **only** players allowed on the golf courses are the golf club member who has paid a member trail fee and players who are utilizing a Club golf car. All other players are in violation of the club rules and will be asked to leave the golf course immediately.

Your prompt attention and abiding by the rules will prevent creating an uncomfortable situation for all. No private golf cars without a valid Solivita trail fee sticker, designating them a trail fee member, are allowed on the golf course at any time of the day.
